### Communication Plan:

Effective communication is essential for a successful project demonstration. This document outlines the communication strategy used within the team and with stakeholders throughout the project lifecycle, including how updates, issues, and feedback were managed.

| S.No | Communication Type     | Frequency | Channel / Tool | Participants                    | Purpose                                     |
|------|------------------------|-----------|----------------|---------------------------------|---------------------------------------------|
| 1    | Team Standup           | Daily     | WhatsApp       | Jhashwanth, Jyothsna, Harshitha | Discuss daily tasks and project progress.   |
| 2    | Progress Update        | Weekly    | Telegram       | Jhashwanth, Jyothsna, Harshitha | Review completed work and plan next steps.  |
| 3    | Issue / Bug Discussion | As Needed | WhatsApp       | Jhashwanth, Jyothsna, Harshitha | Resolve coding errors and technical issues. |
| 4    | Stakeholder Review     | Bi-Weekly | Google Meet    | Jhashwanth, Jyothsna, Harshitha | Demonstrate progress and receive feedback.  |
| 5    | Final Demo Rehearsal   | Once      | Google Meet    | Jhashwanth, Jyothsna, Harshitha | Practice the final project and demo.        |

### Communication Challenges & Resolutions:

| S.No | Challenge Faced                                             | Resolution / Action Taken                                              |
|------|-------------------------------------------------------------|------------------------------------------------------------------------|
| 1    | Difficulty integrating the ML model with the flask website. | Team discussed the issue and fixed it using Flask routing and testing. |
| 2    | Merge conflicts while pushing code to GitHub.               | Used separate branches and resolved conflicts before merging.          |
| 3    | Delay in collecting or testing flood prediction data.       | Divided tasks among team members and completed testing on schedule.    |
